Phone: (360) 750-5876 Fax: (360) 750-7570

TV Request # \_\_\_\_\_

(Date Received Stamp)

The Clark Regional Wastewater District requires a 2 working day notice to allow time to schedule the District Maintenance Inspector. This two (2) day process begins when notice is received by the District, **provided that the project is ready (including all inspection, channeling, etc.).**

#### PROCEDURE

- 1) The contractor will make sure that all work is done including:
  - Mandrel & air testing
  - Line flushing & cleaning
  - All manhole channeling
  - Passing compaction testing
  - Passing compaction testing
- 2) The District Inspector has completed pre-TV inspection and signed this form.
- 3) The contractor shall submit this form to the District Maintenance Supervisor after District Inspector's signature.
- 4) The TV inspection subcontractor must be approved by the District.
- 5) The TV Subcontractor will not begin TV inspection of facilities if the District Maintenance Inspector has not observed the placing of test water in the lines.
